

Flame Rain Theatre

Dreams on Fire

30 minutes

Flame Rain Theatre is a unique fire performance group from Austria. In their show they combine decades of experience in circus, theatre and dance. Breathtaking and poetic fire-dance-choreographies, acrobatics, jokes and special effects alternate smoothly. The show takes the audience into a fantastic fire world and captures them between astonishment and laughter. Uniqueness is guaranteed, because the group developed many of the juggling techniques themselves.
